

2018 CENTRAL DISTRICT SPRING FIRE SCHOOL

May 6, 2018

Huron Campus Center, 333 9th St. SW.

Huron SD

Live Fire Attack and Technique Training: *All day, Class limit 24.*

Training will consist of a short AM classroom session covering basic principles of Safety, SCBA and Fire Streams. The remainder of the AM and all afternoon will be spent doing hands on training with Live Fire. Participants will put their knowledge and skills to use in the two-story Mobile Live Fire Training Unit. This hands-on training will simulate conditions encountered in actual interior structure fires (live fire, heat, humidity and smoke). During the evolutions the student will be able to practice SCBA usage, emergency SCBA procedures, hose handling, nozzle techniques, fire attack, ventilation and more. Students will have the opportunity to practice multiple fire attack scenarios including ground level entry and basement fires as well as rescue procedures. (Must be 18 years of age and have current SCBA training. Structural PPE and SCBA required).

Instructors: Platte VFD Cadre

Vehicle Extrication: *6 hours, Class limit*

This course provides interactive lecture/hands-on training for fire and rescue personnel in size-up, stabilization, hazard control, patient access, and disentanglement at automobile crashes. Emphasis is placed on proper choice, placement and use of equipment available locally. All are employed to think outside the box and complete the extrication with hydraulic tools using the jaws, shears, and rams, along with air bags, cribbing for stabilization along with other tools available.

Protective Clothing Required --Participants must furnish approved helmet, fire boots or leather safety boots, eye protection, gloves, coveralls or turnout gear for class

Instructor: Byron Caauwe and Brandon McCarthy, Pierre Fire

Stress First Aid (SFA) For Firefighters and Emergency Services Personnel

4 hours, Morning, no limit

Stress First Aid (SFA) is a flexible set of tools used to care for stress reactions in firefighters and rescue personnel. Unlike other acute stress management procedures, SFA was designed specifically to support firefighters and rescue personnel. The goal of SFA is to restore health and readiness after a stress reaction. SFA is a toolkit that emphasizes the importance of continuously monitoring the stress of fire and rescue personnel and to quickly recognize and appropriately help individuals who are reacting to stress and are in need of interventions to promote healing.

Instructor: Mike Erickson, Fire Marshal's Office

Courage to be Safe (CTBS): 4 hour class, morning, no limit

This course is a provocative and moving presentation by the National Fallen Firefighters Foundation, through the Everyone Goes Home® Program, that is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that “Everyone Goes Home” at the end of the day. Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences.

Instructor: Ron Hines, Huron Fire Chief

Cost: \$15.00 registration includes lunch and business meeting

7:00 a.m. – 8:00 a.m.	Registration @ Huron Campus Center
8:00 a.m. – 8:30 a.m.	Opening Statements
